The Mexican account of the engagement of the 16th ult, between their steamers and the Texan fleet, together with nine Campeachan barges differs materially from the report of Com. Moore .-There was not a single man killed or injured on the Mexican side. The victory, (although the battle was of five hours duration) was not complete, as the Texans escaped. The writer of the report says that he was an eye witness of the enragement, and can guarantee the authenticity and correctness of what he states.

ARREST .- Police officer Gormon, of the First Municipality Police, arrested yesterday George Duggan, alias Thomas Perry, and Samuel Mc-Cauley. He charges them with being the persons who killed Major Lloyd in St. Louis last [N. O. Pic.

SANDS'S SARSAPARILLA.—Fever is one of the most frequent and dangerous diseases to which the human body is liable.— Its first impression is upon the nervous system, then the ves-sels of the skin become changed, producing dryness and burn-ing heat. After this the general system is involved, and the Its first impression is upon the nervous system, sels of the skin become changed, producing dryness and burning heat. After this the general system is involved, and the patient sinks beneath the attack, unless relieved by appropriate remedies. Noxious efficive and various misams are the cause of fever, being infused throughout the atmosphere and then breathed into the lungs, when the poison combines with the impure fluids of the body and is carried by the circulating organs to the remotest ramifications of the system. If, then, the animal frame is kept in a perfect, sound and healthy state, and every organ performing its functions properly, there can be no union of the predisposing cause, which is the noxious effluvia or marsh missm, with the exciting, which is an impute state of the blobd and depraved condition of the general constitution, and consequently no disease.

For conclusive evidence of its superior value and efficacy, see certificates published in this and other city papers.

SUMMER WEATHER.-It should be remembered that during SUMMER WEATHER.—It should be remembered that during the intense heat of summer, the process of digestion is performed with such extreme langor, that our food, instead of being speedily dissolved and converted into nutriment for the body, often becomes actually spoiled, or putrified in the stomach; hence bad breath, disagreeable taste in the mouth, colic, sains, dysentery, cholera morbus, and other disorders of the inestines.

Wright's Indian Vegetable Pills are a certain cure for all the above dangerous complaints, because they cleaned the alimentary canal of all those billous and putrid humors, which are the cause not only of all disorders of the bowels but of every malady incident to man. They also aid and improve digestion and purify the blood; and therefore give health and vigor to the whole frame, as well as drive every description of pain from the body.

The Reparts of Counterfeits.—The public are captioned.

from the body.

| F Beware of Counterfeits.—The public are cautioned against the many spurious medicines, which, in order to deceive, are made in outward appearance, closely to resemble the above wonderful Pills.

It should be remembered, all genuine medicine has Wright's Indian Vegetable Pills neatly printed on the sides of the boxes, and that, if the word Wright's cannot be found, all is positively won? tively wrong.

BACKWARD SEASON-LATE CROPS-EARLY FROST .-The present season is said to be uncommonly backward; and crops not so forward as usual by two weeks. It will be well for farmers to look well to their crops which are liable to injury from early frosts-especially corn. Let every farmer who can, obtain a quantity of Poudrette and apply it to his corn as a top dressing, at the first or even at the second hoeing. Ten or twelve bushels applied thus will ensure a crop and bring it to maturity ten or twelve days earlier than without it.

For Corn, Cotton, Tobacco, and all kinds of garden vegetables, there it nothing in use in this country as a fertilizer equal to it. It can be applied with as much ease, and greater rapidity, than corn can be dropped in planting. Those who have not used it can hardly credit the reports of others who have, and an experiment with a few barrels or bushels, will astonish them. It is found a permanent manure, showing its effects on the third and fourth crops. Those who have used it in large quantities for several years have used from 400 to 600 bushels this year. It can be obtained immediately in any quantities at 23 Chambers street, New-York of the NEW-YORK POUDRETTE Co.

NEW ALGEBRA.—Just published, An Abridgebra of Day's Algebra, adapted to the improved methods of instruction in Schools and Academies, by J. B. Thomson, A. M. The object of this work is to furnish an easy and lucid transition from the study of Arithmetic to the higher branches of Algebra and Mathematics. The merits of Day's Algebra are too well known and appreciated to require comment. This inimitable work is now presented to the public in an abridged form, with such additions as would adapt it to the wants and capacities of beginners by an experienced and practical teacher. To this end many new illustrations are added; practical questions are placed at the foot of the page; the number of problems are greatly increased, &c. &c. Speaking of the work and its author, President Day says. "I had confidence in his mathematical talents and attainments and his practical knowledge, derived from several years' experience in teaching Algebra, as qualifying him to make the abridgement proposed; and I am gratified to find on examination that our design has been skillfully and satisfactorily executed.

Dr. Fleming's Medicated Candies .-His Diarhoea Candy is a certain, safe and speedy cure for all bowel complaints. It is prepared from his celebrated Quaker Balm and is probably the nearest an infallible remedy of any thing that can be obtained. It most soothing and salutary in the duahnea strendant on the last stage of consumption. This is a very pleasant Candy and can be given to children without any difficulty; in fact after taking it once they will cry after it. His Worm Candy is also pleasant and is a most effectual remedy for the total extermination of Worms beth in children and adults. It is a perfect preparation, being safe and effectual. Nothing can compare with it.

Mr. W. H. Rogers, of \$2 Walker-street, New-York, speaking of the Diarrhusa remedy, says:

"I confidently recommend it as one of the best medicines now in use for all bowel complaints."

Capt. E. Stewart, of the United States' Hotel, Newark, N.

J., says:

"I was violently attacked with Diarrhea, and to my surprise a single dose effected a purfect cure."

Of the Worm Candy, Mr. James Cox, of 46 Upper Jefferson-st., Newark, N. J., says:

"I have tried this Candy on my little son, and it exceeds any thing of the kind I ever knew. I am also acquainted with others who have used it, and who speak of it as an unparalleled remedy for Worms. It does not sicken, and yet has the most salutary effect."

ENumerous testimonials might be added, for each preparation.

of Consumption, Asthma, Bronchitis, Dyspepsia, Cough, Croup, Whooping-Cough, and all Diseases of the Lungs and Windpipe, and also a sure remedy for the prevailing Influenza. No preparation for the above complaints has ever come before the public with such an array of testimonials, both from the Medical Profession and from those cured by its use, as Covert's Balm of Life. Nothing has ever equalled it in success or reputation, and it is firmly believed that in nine cases out of fen it will effect a cure. Its success and popularity are increasing every day. Let the afflicted try it. Such has become its popularity that attempts have lately been made to counterfeit it. THOMPSON'S TRUSS.—With this extraordinary Truss you can graduate the pressure from 1 to 50 pounds on the rupture without a back pad, which does so much injury to the spine. A fair trial being the best test of its superiority, it is applied and six days' trial given; and if it does not retain the rupture while performing every kind of exercise, or coughing, and give perfect ease—in a word, if it is not satisfactory in every respect, the money is cheerfully returned; and this is the only condition on which you should buy any Truss. A permanent cure is easily effected, and warranted, if directions are followed. Applied at 94 Eldridge-timer Grand, for the present at all hours.

THE PATENT CYLINDRICAL NIGHT LATCH, (for street doors,) on a new and approved principle.—The objection so frequently made to Night-Locks on the ground that other keys than their own so readily fit them, is entirely obviated by this invention. Its durability, the little trouble in putting it on a door; the neat and portable keys accompanying it; its low price, together with its security, are the principal recommendations of the Cylindrical Lock.
